

Socialising

Claudia Scott

I spent a night on the town
Just had to make sure
I didn't miss out on anything
I've been down here before
Keep coming back for more
I must admit I'm addicted

So here we are socialising
Here we are
Meeting friends again
And having a good time
Yes, we're having a good time
We're having a good time

But I've got company
Seems it not only me
Seeking the night's adventures

Another bill to tell
About the French Tavel
Who says I was dreaming

Here we are socialising
Here we are
With our friends again
Here we are
Eyelids painted
Here we are
On the move again
And having a good time
Yes, we're having a good time
Mm we're having a good time
Yes, we're having a good time
